SUMMARY

Dynamic Senior React Native Developer with a proven track record at Summitify, excelling in Agile methodologies and API integration. Expert in optimizing app performance, enhancing user experiences, and leading cross-functional teams. Recognized for delivering scalable solutions and maintaining high-quality standards, while fostering collaboration and continuous improvement.

EXPERIENCE

Senior React Native Developer
Summitify
📅 12/2024 - Present 📍 Vaughan, Canada
🔗 https://summitify.ca/
Company Description
- Developed software for desktop and mobile operating systems. Coordinated deployments of new software, feature updates and fixes.
  Corrected, modified and upgraded software to improve performance.
  Tested and deployed scalable and highly available software products.
  Conducted data modeling, performance and integration testing. Documented design patterns for later use as templates in subsequent patches and iterative app development cycles.
  Worked flexible hours across night, weekend, and holiday shifts.
  Using Expo, React Query, Axios, Tanstack, ...
  Facilitated Scrum framework – sprint planning, backlog grooming, daily scrums, sprint reviews, and sprint retrospectives.

React Native Developer
Swipte
📅 11/2021 - 11/2024 📍 Los Angeles, CA
🔗 https://swipte.org
Company Description
- Developed and maintained Swipte customer and merchant applications using React Native, enhancing user experience and functionality.
- Implemented the Yardify project with Laravel and Vue.js for a PWA application, demonstrating expertise in modern web technologies.
- Collaborated with cross-functional teams to gather requirements and implement new features, ensuring alignment with business goals.
- Ensured application performance, reliability, and scalability through rigorous testing and optimization, resulting in a 20% improvement in load times.
- Contributed to the design and architecture of applications, adhering to best practices and industry standards for robust and scalable solutions.
- Actively participated in code reviews, providing constructive feedback to enhance code quality and maintainability.
- Stayed updated with the latest trends in mobile development, integrating new technologies and techniques to keep applications cutting-edge.
- Worked closely with product managers and stakeholders to understand business needs, delivering high-quality solutions that exceeded expectations.

KEY ACHIEVEMENTS

💎 **Enhanced App Performance**
Reduced application load times by 20% through optimization and rigorous testing.

💎 **Successful App Launches**
Launched 5 successful mobile applications, boosting company growth by 25% in one year.

💎 **Boosted Team Collaboration**
Improved team collaboration, leading to a 15% increase in feature development speed.

SKILLS

GraphQL   React Query   Vue.js

Mobile Applications

Swift (Programming Language)

TypeScript   Git   Jira   mobx

mkvv   Mobile Application Development

React Native   Android   iOS

Android Development   Programming

Research   Project Management

Social Media   iOS Development

INTERESTS

💎 **Gym** 🏋️: Balancing code with curls! The gym is my escape from the screen, where I debug my mind and refactor my body. Strength training keeps me energized, focused, and ready to tackle even the toughest bugs.

💎 **Driving** 🚗: Just like coding, driving is all about control, precision, and smooth execution. Whether it's a long highway cruise or navigating tricky routes, every ride feels like debugging real-world obstacles—except with better scenery.

EXPERIENCE

React Native Developer

Apsy

📅 04/2024 - 10/2024   📍 Los Angeles, CA

🔗 https://www.apsy.io/

Company Description

- Spearheaded the development of Propagator, a social app, using the React Native framework, significantly enhancing user experience and app performance.
